I have read the Harper article -
I suppose you have have seen the
one in the Bee Association Journal.
It was sent to me the other day.

Of course there was no need for
you to communicate with me on the 28th -
I have hoped that you did not even
remember the date -

I had one message - do you
remember Mr. Philly of the bank
at home? He saw Willie on
the 28th & asked him to tell me
that he had meant to send me
a card but could not find it,
but this was the message it
contained "Cheer up! They may
make it a National Holiday yet."
